

Willamette Dental Plan Questions & Answers

Can I sign up for the Willamette Dental plan and still go to my own dentist?

Your dental care will only be covered when it is provided by a dentist or specialist at a Willamette Dental office. Your coverage also extends if you are referred to an outside dentist or specialist by your Willamette Dental dentist. If referred to an outside dentist or specialist, your co-payment remains the same as shown in your Summary of Benefits.

Can I choose one primary care dentist to coordinate my care?

Yes, we encourage you to establish a long-term relationship with a primary Willamette Dental dentist. Once you select your dentist, you may schedule all future appointments with them. You are also free to change Willamette Dental dentists or locations at anytime.

How long does it generally take to get an appointment?

Willamette Dental's scheduling goals are as follows:

- ▲ First Appointment: 30 Days
- ▲ Regular Hygiene (Cleaning): 45 Days
- ▲ Non-Emergencies Operative: 60 Days
- ▲ Emergencies: Within approximately 24 hours

With the exception of emergencies, the number of days shown above are averages. The length of wait-time for an appointment may vary based on your choice of provider, dental office location and your desired day or time of appointment.

What can I expect at my first visit?

At your first visit to our office, you will receive a thorough dental examination that includes X-rays and comprehensive risk assessments. Then, your dentist will develop a Personal Dental Care Plan based on your immediate needs, current dental health and long term oral health goals. This individual plan will include recommendations for cleanings, restorations, and preventive treatments. Children will have a cleaning at their first appointment and adults will have their first cleaning at another appointment.

Do office visit charges apply each time that I have an appointment?

Yes. The office visit co-payment found in your Summary of Benefits applies to all visits, including orthodontia. The office visit co-payment is in addition to other co-payments that you may accrue.

Payments may be made in cash, personal check or credit card. All payments should be made at the time of service.

Will I receive two cleanings per year?

Your Willamette Dental dentist will make a recommendation for your teeth cleaning and examination frequency that fits your risk factors and oral health condition. It could involve more than two or less than two appointments per year. Your Personal Dental Care Plan will outline the frequency and duration of your treatments and examinations throughout the year.

Will I receive two cleanings per year?

For example, a member with periodontal disease could need four or five therapeutic cleanings in a year whereas a member with healthy teeth and gums may only need to have a cleaning once every 12 months.

Can I get major work done right away?

Our practice philosophy is to first diagnose and treat urgent conditions that pose an immediate threat to your oral health. The next priority is prevention; controlling the disease process and motivating you to be active in maintaining good oral health. This assists in preventing future deterioration of oral and dental tissues due to progressive decay or periodontal disease. Major restorative work is normally performed once you have achieved a satisfactory state of oral health where your teeth and supporting structures are stabilized, and when you have demonstrated a commitment to maintaining your oral health. This is the best way to ensure the long-term success of whatever major restorative work that you may need.

Is orthodontia available in every office?

Specialty services, including orthodontia for children and adults, are generally available on a regional basis. To find out where specialty services are available in your area, simply contact our Appointment Center toll free at (800) 359-6019.
