

The Western Healthcare Insurance Trust (WHIT) has partnered with Willamette Dental Group to provide an affordable, quality dental plan option offered through wholly-owned Willamette Dental Group clinics. While the Willamette Dental Group plan option alone can meet most employees' dental needs, many employers opt to give their employees a dental plan choice by offering a Willamette Dental Group plan as a dual choice option with Washington Dental Service (WDS).

WHIT offers the Willamette Dental Group exclusive provider dental program for groups with 10 to 1,000 covered employees, with copay-based plan designs that include orthodontia coverage for adults and children. As an exclusive provider program, dental care is covered only when it is provided by a dentist or specialist at a Willamette Dental Group office in Washington, Oregon or Idaho.

All WHIT benefit plans include a January 1 anniversary, on which date rate adjustments are effective. New coverage is available throughout the calendar year, but premium rates may be guaranteed for less than 12 months.
